After the 2 minute warning, and following the conclusion of a play resulting in a dead ball or on a time out; clock restarts on the snap of the next play. Otherwise, clock will run on plays not resulting in a dead ball.
 - 3.1.a – Extra point attempts are made without running the clock during the last 2 minutes of each half. (Extra point attempts will not be permitted if the game clock has expired or if the Mercy Rule is in effect; except if the game is tied)

3.8 - Each half will be started with a "Kick-off". This "Kick-off" will be from the 20 yard line (this "Kick-off" is a "no tee" punt). If the result of the kick-off is a touchback, the receiving team takes possession on their own 20 yard line. If the result of the kick-off is out of bounds, then the receiving teams has the option of taking the ball at the spot that it went out of bounds, or on their own 30 yard line. If punted ball is caught behind the line of scrimmage by the kicking team, the ball may be advanced to or beyond a 1st down marker or to a score. If the blocked kick is caught or touched by the kicking team beyond the line of scrimmage, then the ball is dead at that spot and is awarded to the receiving team. If the blocked punt is caught by the receiving team, it remains live and may be advanced.

8.10 - (Flag Missing) - A player with a flag missing, by whatever means, is considered down at the spot that the player touches the ball. Exception: - A center that has a flag missing at the snap is not penalized, and play continues, unless and until the center otherwise becomes the ball carrier or receiver.

9.1 - The play is replayed if the ball was in the air at the time of the inadvertent whistle.

9.2 - If the ball was in the possession of the ball carrier at the time of the inadvertent whistle, then the offense will have the option of either replaying the down from the previous line of scrimmage, or taking the ball at the spot at the time of the inadvertent whistle.

If passer is throwing and his arm follows through and subsequently contacts a defender, then the defender is not guilty of any infraction of this rule. Also, a defender may not be guilty of any infraction where that defender was blocked into the passer by a member of the offense. A defender will be flagged if that defender initiates the contact. Please also note that the official will use their judgment to determine whether the defender initiated the contact or not, and it is the intent of this rule to err on the side of the safety of the passer if it is unclear as to whom initiated the contact.)
