## 1. **INTRODUCTION**

**1.1. Scope of Work / Specifications.** The scope of work for this RFP is located in Appendix A.

### **Overview**

This Request for Proposals (RFP) is issued by the City of Rio Rancho (City) to solicit competitive sealed proposals for the award of a contract to a consultant to conduct an operations and staffing study for the City of Rio Rancho Police Department. This study will help in formulating a plan of action on how staffing should be added in future years as revenues and the community grow. Having an outside party documenting the needs of the department will assist the City should it become necessary to ask the citizens for additional resources to pay for these services. The study will also provide guidance in allocating future resources if new dedicated revenues become available. The safety of officers and citizens is a top priority as the city analyzes public safety services.

### **Background**

similar projects recently completed. Offeror must provide a brief narrative describing relevant project information for each of the three references provided. No other references outside of those included in the narrative will be calculated in the final average reference score.

In addition, the attached reference response form (Appendix F) must be filled out in its entirety and the responses to the questions must be filled out by an employee or consultant of the listed reference (not by the submitting Offeror). The reference is asked to complete this form and return it to the Offeror in a sealed envelope with the reference's signature over the sealed portion of envelope in order to ensure authenticity.

The sealed responses must be included with the Offeror's sealed proposal submission by the proposal submission deadline. Sealed reference responses will not be included as part of the overall page count. However, reference narrative descriptions are considered scored content and will be included in the page count.

For each identified project, references will be asked to score the Offerors General Responsiveness, Overall Quality, Final Results Communicated Effectively, and Usefulness of Recommendations (i.e.: report and/or presentation).

The totals of all three responses will be averaged to result in a final reference score. Failure to submit any of the three required sealed references shall result in zero points for that reference in the average reference score. References must provide a score for all of the four reference category scoring items. The City will calculate zero points for any reference category left blank.

If an Offeror submits more than three references, the City will exclude the highest reference score when calculating the final average reference score.

#### **4.3.6 Cost Proposal.**

**4.3.6.a** Offerors must submit a Cost Proposal along with each copy of their proposal submission.

The proposal shall include all time and materials with a total “not to exceed” amount. The Offeror should understand that the City will not pay any amount not included in the Cost Proposal.

The evaluation of each Offeror's Cost Proposal will be determined using the following formula:

$$\frac{\text{Lowest Responsive All-In Cost}}{\text{This Offeror's All-In Cost}} \times 15 \text{ pts} = \text{Awarded Points}$$

**4.3.6.b.2 Part (2) – Cost Reasonableness.** In order to allow for a clear evaluation and comparison, relative to other offers received, Offerors must provide a justification narrative describing all assumptions incorporated in the submitted cost proposal. Offerors

are encouraged to provide data to defend the reasonableness of the cost proposal.

Points will be awarded based on the Offeror's ability to reasonably and adequately explain assumptions included in the development of Part (1) of the cost proposal.
